

I THE ASCENT

Annual Report MMXXVI

Civilizations rise when individuals
become more capable.

A summary of the institution's first year of work — six domains of capability, seven emerging institutions, and the disciplined ascent that will define the century ahead.

II

THE CAPABILITY OF HEALTH

Health

The body is the substrate on which every other capability is built. In its first year, Anabasis convened the working groups that will define health capability for the century ahead — longevity science, metabolic health, and the daily discipline of a durable body.

III

THE CAPABILITY OF KNOWLEDGE

Knowledge

Knowledge is the compounding asset of the species. The Anabasis Journal published its inaugural essays; the library was seeded; the disciplines of patient study were restored to seriousness.

IV

THE CAPABILITY OF CAPITAL

Capital

Capital is stored, disciplined effort. Future Capital was chartered as the stewardship arm of the institution, allocating on horizons measured in decades rather than quarters.

V

THE CAPABILITY OF TECHNOLOGY

Technology

Technology extends the reach of the human hand and mind. Future AI was founded on the sober principle that the tool must serve the person, not replace them.

VI

THE CAPABILITY OF LEADERSHIP

Leadership

Leadership is the willingness to be accountable for the whole. Future Advisory began quiet counsel to a first cohort of institutions intended to outlive their founders.

VII

THE CAPABILITY OF CHARACTER

Character

Character is the private root of every public act. The manifesto was written; the principles were set; the work of formation began.

The work of civilization is
the quiet work of becoming
capable.
